

# DESIGNED ARCHITECTURAL LIGHTING HERITAGE

# HERITAGE PROJECTS & PRODUCTS

Michelin House

Kings College Chapel

The Oculus & Flaxman Gallery

Middle Temple

DAL has worked on many listed and heritage building projects. The brief can be to restore or refurbish historic light fittings using the latest lighting and control technology, design replicas to match existing products or create new fittings using design details and references from the original period. However, not all heritage projects ask for products that mimic or copy the style of the original architecture, sometimes a simple and sympathetic product will suffice and on occasion an historic building will require something which integrates with the existing structure.

Some notable projects are:

## Commercial

Bush House, Aldwych  
Hoover Building  
Prudential Assurance Headquarters, Holborn Bars, London  
Unilever House, Blackfriars, London  
Tesco Hoover, Perivale, London  
Cunard Building, Liverpool
